Beveroth dies of heart attack

Don Beveroth, who was on the Antioch Community High's Language Arts Staff for 17 years, died Feb. 24 from a massive heart attack.

Beveroth moved to Houston, Texas five years ago where he was teaching at a junior high school. He lived there with his wife Betty.

While living in Antioch he "was a very active member, actor and director" at the

PM&L Theatre, said Ken Smouse, a teacher at ACHS.

His three daughters Rebecca, Ann and Christine, all live in Houston but were raised in Antioch.

Beveroth was apparently driving when he felt the attack coming on and pulled to the side of the road, said Smouse.

A memorial service was held, in Texas, Feb. 27, as he was cremated.

Finance Committee seeks possible routes

by Lee Ann Mackulin

The Antioch Redevelopment's Finance Committee has been busy studying different possibilities for financing the expansion, according to Redevelopment Commission Chairman Michael Warren.

The committee, chaired by Laddie Korecek, recently met with Bond Consultant for the village, Harold Warren and the Illinois Dept. of Commerce and Community Affairs (DCCA) to discuss various financial routes they may take.

"We're finding out what funding is available to us," said Warren.

Meeting with the bond consultant raised two possibilities, bonds or bank loans, said Warren.

The meeting with the DCCA brought to the committee's attention various loan programs available to them through the state of Illinois. The committee will meet next with Kai Webel who "wrote the law that established TIF (Tax Incremental Funding) and has assisted a number of other communities with their projects," said Warren.

A public meeting will be held March 12, 7:30 p.m. in the Village Hall, for the purpose of talking with Webel.

Looking ahead to the actual revitalization Warren said, "We also discussed tearing down the old lumber buildings in order to have new buildings put in their place."

New Industry is being looked at to replace the buildings.

Police slap forgery charge

A 19 year old Lake Villa woman has been charged with forgery after attempting to cash her seventh forged check at the State Bank of Antioch, according to Officer Tom Fischer of the Antioch Police Dept.

After the rightful owner of the account discovered the checks were being cashed, he alerted the State Bank who then watched for the next attempt.

Wendy Johnson arrived at the bank Feb. 26 at 1 p.m., and attempted to cash another check. The teller alerted the police who then made the arrest.

The seven checks previously cashed were for amounts less than \$125, said Fischer.

The woman is out on bond and will appear in court March 14, in Waukegan.

Sets Awana Olympics

The Awana Olympics will be held at the Lake Zurich High School on March 9.

Area teams participating are from Antioch, Fox Lake, McHenry, Waukegan and many other clubs from Chicagoland area.

Awana Clubs are non-denominational. There are over 40,000 clubs in the U.S. and many foreign countries including Germany, India and others.

Everyone is welcome to the Olympics. For further information, phone (312) 395-2828.

'Ice Out' means spring is near

While most of us anxiously await spring by looking for blooming flowers, green lawns or by listening for the chirping of birds, the Northern Illinois Conservation Club is waiting for an automobile to sink through the ice.

The "Ice Out", sponsored by the club, is where a car placed on the ice by Don Mentone's Chain O' Lakes Boat House is the object of spring fever and a chance to win some extra money.

The rules are simple. guess the day, hour, minute and second the car will sink and win

the pool. The closest time over or under will win. In case of a tie, the money will be divided.

'Sinking time' will be determined by the timing device attached to the car and the decision of the judges is final.

Guesses were purchased for \$1. First place will win \$300, second place \$150 and third place \$50.

Cables are attached to the car so as soon as the car goes through, it will be removed to find out the winner.

Residents say good-bye to EverGreen Cafe

by Lee Ann Mackulin

Saying good-bye to a friend is never easy and that's just what the EverGreen Cafe has been to many area residents.

After 27 years in Antioch, the cafe will close on March 14.

"There's not any other place like this where there's such a comradery among people," said customer Arlene Pientka.

"Everyone talks to everyone else...you may not know who you're talking to, but that's alright," she added.

"These people aren't my customers, they're my friends," said Debbie Gliniewicz, owner for the past nine years.

It's because of Gliniewicz that the Evergreen's atmosphere is so welcoming. Her rapport with her customers goes unmatched.

For the cafe's 25th Anniversary party, she had a personalized mug made for all of her 'regulars', which she kept on a shelf behind the counter.

Aside from pouring coffee in them, she used the mugs to hold messages for them.

"It was the information center for southern Antioch," said Gliniewicz.

The Evergreen first opened on May 27, 1958, when Tina and Hank Webber bought it. After three years they sold it to Scott and Emie Lowe, of Antioch, who ran it for the next six years. The next owners were Lois Kurton and Priscilla Quinn, of Antioch, who together ran the cafe for four years and Kurton, alone, for another three.

It was then that Gliniewicz purchased it, becoming the longest owner in the cafe's history.

"There's two things I said I'd never do, babysit or be a waitress. So I wasn't a waitress. I was the owner," she said.

Gliniewicz is leaving the cafe to travel

doing Antique Fire Arm Shows.

"I got a job offer I just couldn't pass up," she said.

She will have many memorabilia to take with her, aside from the fifty personalized mugs that she insists her customers give her to remember them by.

Her Garfield collection grew as customers bought stuffed animals, posters and yes...a telephone designed in honor of that mischevious cat.

A mug collection from all areas of the country was displayed in the cafe, all gifts from customers. One mug with a ceramic roach in it, was given to the health inspector when he came, said Gliniewicz.

Unfortunately, she will not be able to say good-bye to all of her friends.

"I'm going to miss my summer people," she said.

"I've only seen one group of them to tell them I won't be here next summer," she added.

All of the past owners and many of the Evergreen's friends will gather for a farewell party March 14.

"It's been nice, I'll miss it...but I'll never forget it," said customer Bob Lasco.

District 34 promotes a historical landmark

The District 34 School Board approved a ten year lease for use of the original Antioch School Building by the Lakes Region Historical Society.

The decision was made at a board meeting Feb. 19. The Society is in the process of replacing the old steam heating plant and has a commitment from the Rotary Club to assist them.

In other business, the board is currently seeking a Director of Building and Grounds to replace Bob Horton.

There is so far only one person expressing interest in the job. Given the importance of the position, the board was asked to advertise and have the administration select a few qualified candidates to interview.

Two district teachers have resigned; Nedra O'Hara, as of Feb. 1 and David Cratty, as of Feb. 15. O'Hara moved to Florida and Cratty accepted a job with All State.

New district teachers are; Jeanine Nelson with a B.A. and three years experience as a primary tutor in the district. She will replace Nedra. Steve Redmond enters the district with a B.A. from Eastern Ill. University with a double major in

Biology and Botany. He should prove to be a valuable asset to the Antioch Upper Grade Science Program.

Lorna Faith joins the staff with a Math and Computer Science major.

Grade-level curriculum guidelines were agreed upon at the meeting.

"The district should have a known standard for what is to be taught," said Superintendent Don Skidmore.

Skidmore is presently developing a plan for the board to act upon at a subsequent meeting.

The Special Education District of Lake County

requires districts who wish to contrast social workers services for 85-86 to do so by March 15.

Presently, the district only contracts one day per week at a cost of \$4,702 per year, getting two social workers at this price for one half day each per week, one at the junior high and one at Petty. Essentially, this means Oakland and Antioch Lower Grade receive little if any service.

The board has decided to solve this problem by purchasing two more days a week, so assigning time to Oakland and Antioch Lower Grade.

ACHS students 'build' for society

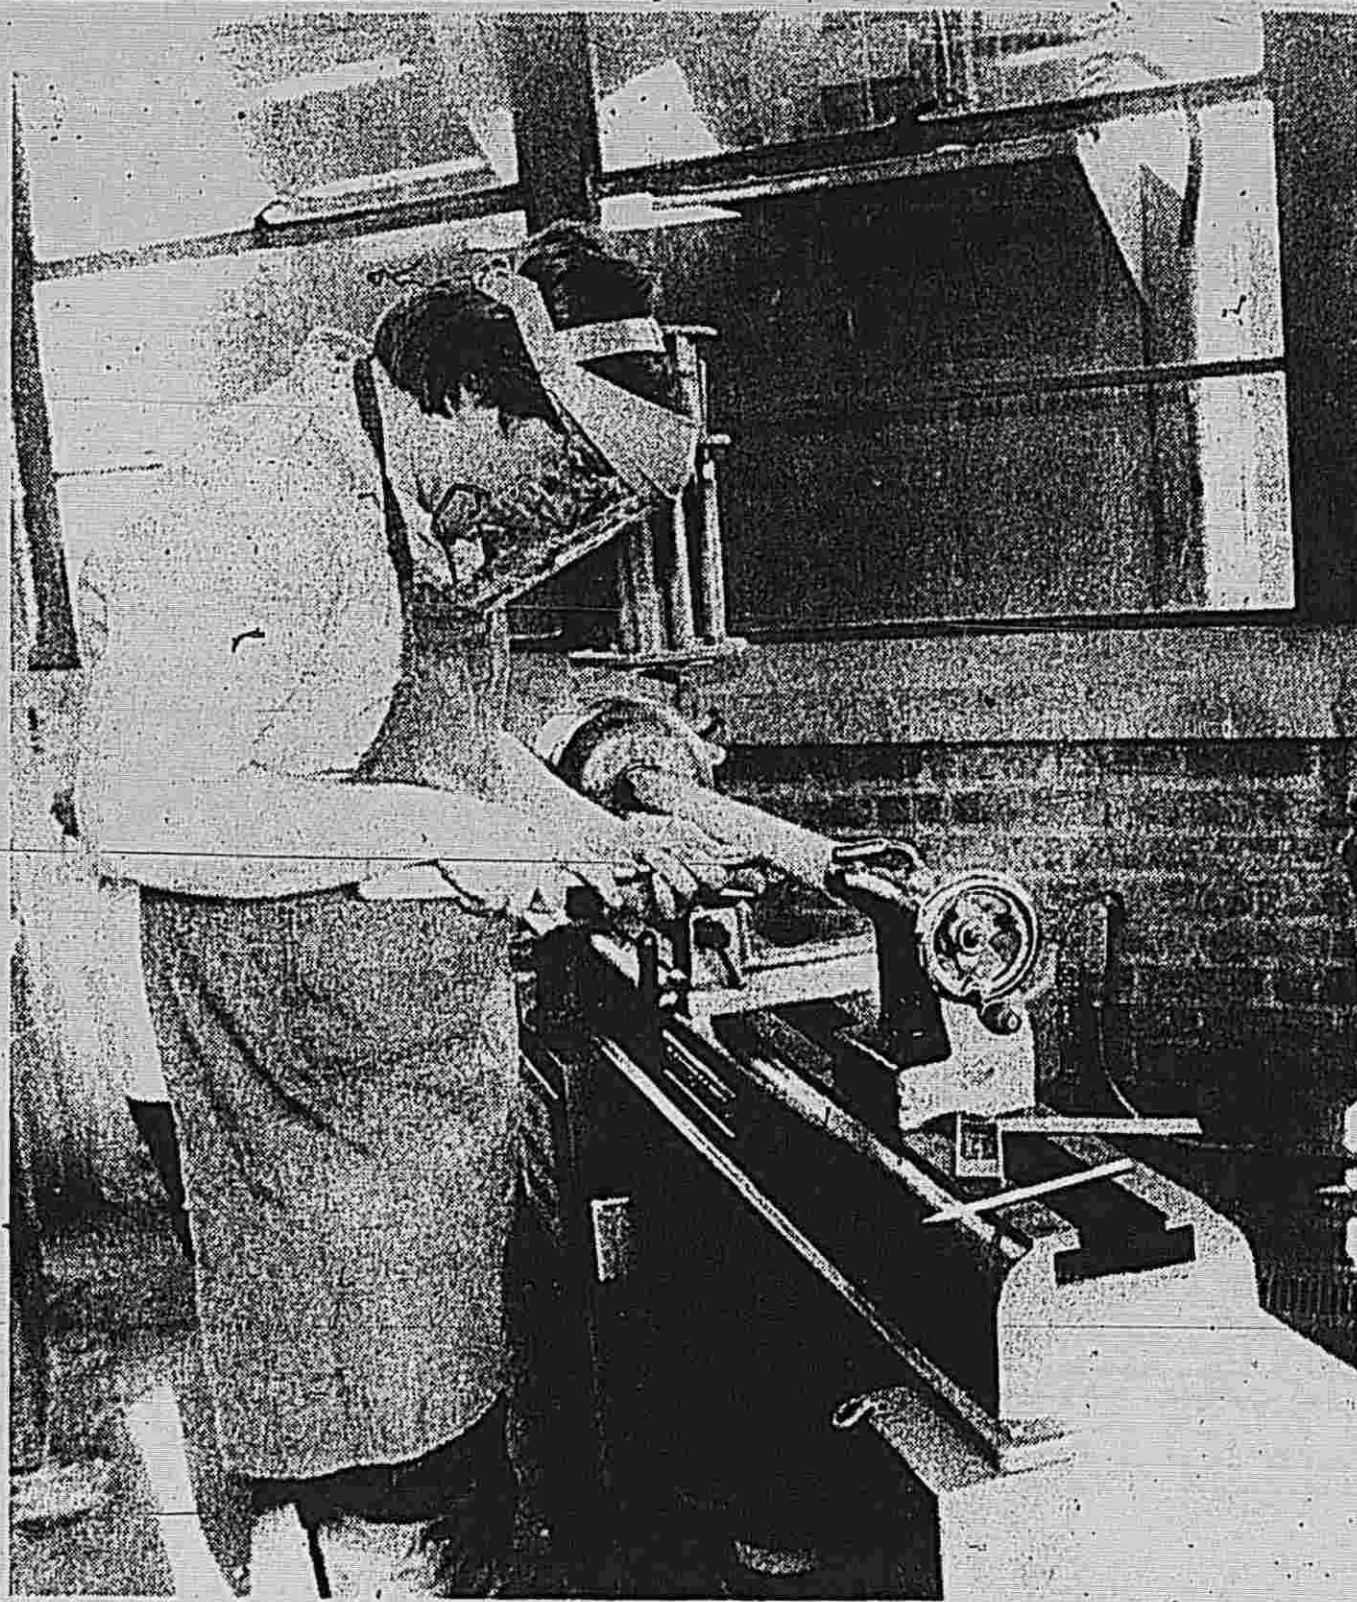

Antioch Community High School students have been as eager as members of the Lakes Region Historical Society to see the old Antioch school building transformed.

Students in an ACHS carpentry class were asked to make spindles for the building on Main Street. The job involves cutting 22 pieces of oak board then working on a wood lathe to duplicate

the spindles said Teacher Ken Kasuboski.

"The work is educational for the students while allowing them to do something for the community," said Kasuboski.

The class is also involved in building wall sections, so learning how a house is put together from the foundation to the roof.

'Feelin Fit' makes U.S. cable show

by LEE ANN MACKULIN

Thinking about joining a fitness program and getting yourself motivated to travel any distance for it are two different things. The instructors at "Feelin Fit" realize this...so they come to you.

By holding classes at eleven or more locations, the program offers convenience along with a good work-out.

Founder of the program, Catherine Burke, began "Feelin Fit" by instructing at the Lindenhurst Recreation Dept., having a B.S. in Recreation. This quickly grew from one group of twenty to two classes of eighty.

In April, 1982, Burke established "Feelin Fit" and in August of that year it became a corporation. There are presently fifteen instructors.

Burke believes in sticking to a progressive work-out program.

"So many of the programs now are hurting people," said Burke.

"Drop in" classes, as she refers to them, are where the people may come at any time to exercise, even if weeks have gone by. Good fitness habits are not formed this way, explained Burke.

At "Feelin Fit", members are required to sign up for seven weeks, meeting twice a week. This practice helps them gradually get in shape, she said.

Aside from reaching area health nuts with the

program, Burke has also made an exercise show for U.S. cable to begin March 18 on Channel 3. The show will appear regularly Mondays and Wednesdays at 10 a.m. and 6 p.m., Tuesdays and Thursdays at 5 p.m., Fridays at 10 a.m. and Saturdays at 8:30 a.m.

On March 1, area residents gathered to make a commercial for "Feelin Fit" to be aired along with the show. Participants were, Karen Gwinn, Antioch, Brenda Koesling, Lindenhurst, Susan Smith, Gurnee, Jim Vioski, Waukegan, David Clark, Grayslake, Nancy Henkel, Gurnee, Debra Petersen, Lake Villa, Ed Morrisseau, Lindenhurst, Fran Puchli, Lindenhurst, Dee Soffietti, Lake Villa, Bobbi Pinka, Lindenhurst, Julie Gawne, Antioch, Norma Cullis, Lindenhurst and Alison Sweeting, Antioch.

Classes in Antioch are held at, Oakland Grade School, Myers Martial Arts and Fitness Center, Grass Lake School and the American Legion Hall. Liberty Square Chiropractic Center

Health Through Chiropractic Care With
Thomas W. Bennett, D.C.
Free Spinal Examination
Call (312) 680-9191

Open Mon., Weds., & Fri., 9 A.M.-7 P.M.
Tues., & Sat., 9 A.M.-1 P.M. Closed Thurs.

The human body is by far the most complex mechanism known to man. It is infinitely faster, more intricate and more efficient than the most sophisticated computer or the most advanced rocket with its amazing control complex. It follows then, that it takes many specialists to understand and deal with the many intricacies of your body systems.

There are more than thirty specialists in all - each dedicated to a particular function of the body - and every function is related to the spine through the nervous system.

Only one of these many specialists is primarily concerned with this inter-relationship . . . THE CHIROPRACTOR.

The chiropractor knows that all systems and bodily processes are controlled and coordinated by the nervous system. A pinched, irritated or damaged nerve renders the body less resistant to disorder. Since the nerve network exists from the spine it is known that a misplaced vertebra can pinch, irritate, or in some way disturb the normal function of a nerve that serves some part of the body. That part of the body will no longer receive the necessary nerve energy and therefore becomes less resistant to disorder. Dr. Bennett uses spinal adjustment to return vertebrae to their normal position and thus restores the normal function of the nervous system.

A chiropractic examination doesn't cost . . . it pays. And that's why the editors of this 1985 CHAIN O'LAKES BUSINESS REVIEW highly recommend only LIBERTY SQUARE CHIROPRACTIC CENTER to all of our readers and residents throughout the Chain O'Lakes area. Call for an appointment today, (312) 680-9191. Offices are located at 739 N. Milwaukee Ave., in Libertyville. Call today . . . feel better tomorrow!

Ring's Radiator Service

Cleaning * Repairing * Recoring
Auto - Truck - Tractor
Heater Repairs * Gas Tank Repairs * Minor Welding
Family Owned & Operated
Phone (312) 395-6550

Did you know that the radiator on a modern automatic throws off enough heat to heat a six-room house on a zero degree day? Did you know that today's high performance engines reach temperatures to forty-five hundred degrees? Did you know that in order to remove this heat the coolant in your car or truck may be circulated through your cooling system at rates as high as four thousand to seventy-five hundred gallons per hour? At this rate your water pump may turn over as fast as five thousand revolutions per minute.

Impressive? Yes, but there is more. Your car or truck will actually run farther out of oil than it will out of water!

Water is free, and the man keeps putting it in. So you probably never gave your cooling system much thought. You had better start now before that free water starts costing you real money.

The third major cause of highway breakdown is the cooling system. The automotive heat transfer specialists in this area are at RING'S RADIATOR SERVICE, located at 346 Park Ave., in Antioch, phone (312) 395-6550. Seniors May Get Break On Auto Registration

Some elderly and disabled residents may now qualify for half-price auto registration fees in Illinois, according to Sen. Adeline J. Geo-Karis (R-Zion).

Geo-Karis said she is urging senior citizens and others who qualify for "circuit breaker" relief on property taxes to also apply for the new lower rate when they renew their auto

registrations this year.

"With vehicle license rates doubled this year, savings under the new plan can be substantial for those eligible," Geo-Karis said.

She explained that fees for small cars have increased from \$18 to \$36 this year and fees for larger cars have gone from \$24 to \$48. Next year the standard fee for

both large and small cars will be \$48.

Geo-Karis pointed out that some 400,000 Illinoisans qualify for circuit breaker help under the Senior Citizens and Disabled Persons Property Tax Relief Act. "The new law helps these same people on their car licensing by trimming the cost by 50 percent," she said. For those who own

more than one vehicle, only one will qualify for the lower rate.

Discount cards will be mailed in Feb. to those who were qualified for circuit breaker assistance by Dec. 31, 1984. Others who are eligible for the half-price registration can obtain necessary forms where they renew their registration, Geo-Karis said.

Cecelia Wertz

Funeral services with Mass of Christian Burial for Cecelia "Curly" Wertz, 71, of Antioch was held on Friday, March 1 in Antioch.

Mrs. Wertz died on Tuesday, Feb. 26 at Victory Memorial Hospital in Waukegan. She was born on June 19, 1913 in Chicago, and had lived in Antioch since 1937.

Survivors include one son, Arthur (Elaine) Wertz, Jr. of

Antioch; one sister; and four grandchildren.
Interment was at Hillside Cemetery in Antioch.

Alice Cunningham

Funeral services for Alice I. Cunningham, 68, of Antioch were held on Friday, March 1 at the Strang Funeral Home in Antioch.

Mrs. Cunningham died on Tuesday, Feb. 26 at her home.

She was born on Jan. 21, 1917 in Lake Villa, and had been a lifelong resident of the area.

She was a member of the United Methodist Church in Antioch, and had assisted her husband in the operation of Cunningham Cartage, Inc. in Antioch for many years.

Survivors include her husband, Murrill; two sons, Ronald (Mary) and Robert (JoAnne), both of Antioch; one daughter, Nancy Mohr of Waukegan; three brothers; two sisters; seven grandchildren; and one great-grandchild.

Interment was at Hillside Cemetery in Antioch.

Jaycees hold meeting

A meeting to induct members was held for the newly formed Jaycees Grayslake Chapter. Antioch Jaycees President Mike Branyik was instrumental in forming the chapter, and attended the Feb. 26 meeting.

Only four people were present to join the new chapter, but Branyik has not given up hope.

"We will meet weekly until we have enough people. We hope to have a snowball effect. Those who were here will bring friends and eventually we'll have enough people," said Branyik.

The Jaycees are open to men and women 18-35 years old. Twenty people are needed for the chapter to be recognized by the National Jaycees.

The original Jaycee chapter folded one or two years ago according to Branyik. The Antioch Jaycees are, along with the Illinois chapter, attempting to reactivate the Grayslake chapter.

Branyik plans to go to local businesses to gather support and invite more members.

The Jaycees are predominantly a community organization. Members run the chapter themselves and must abide by all business laws. Jaycee members also receive much individual development, said Branyik.

"There are quite a few old Jaycee members left in town... Ross Zanzucchi was a past Jaycee president," said Branyik.

"It's just a question of getting people together," he added.

Some people once believed that they could make it rain by getting a black cat to swim across a stream.
